

## «Management of Peritoneal Surface Malignancy»

### Aim of the advanced course

The course's main objective is to provide to the participant the latest evidence concerning the multimodal treatment of PSM. The course will be divided into five main sessions:

- **Background Information:** where participant will learn extensive concepts of anatomy of the peritoneum, the biological aspects, physiopathology, and classification of the PSM, the pathological aspects, rationale and pharmacological aspects of HIPEC and EPIC, the medical treatment.
- **Technique** of CRS HIPEC and EPIC;
- **Disciplines Indirectly Involved:** anesthesiology, clinical nutrition, quality of life, nursing.
- **Evidence of Results** in major target diseases: peritoneal mesothelioma, appendiceal neoplasms (pseudomyxoma peritonei), carcinomatosis from colorectal, ovarian and gastric cancer.
- **Discussion of clinical cases, Decision Making and Patient Selection**

### Ideal advanced course candidate

- Senior resident (last two years of training) on surgery, gynecology and medical oncology
- Junior consultant surgeon, gynecologist and medical oncologist (within five years of board certification)
- Experienced consultant surgeon, gynecologist and medical oncologist

### Educational Methods

- Lectures
- Video transmission of surgical procedures
- Discussion of Clinical Cases

### Partnership

The ESSO advanced course on the «Management of Peritoneal Surface Malignancy» acknowledges the collaboration of:

- SITILO: Società Italiana Terapie Integrate Locoregionali in Oncologia (Italian Society for Locoregional Treatment)
- PSOGI: Peritoneal Surface Oncology Group International
- SICO Società Italiana di Chirurgia Oncologica (Italian Society of Surgical Oncology)

### The Advanced Course offer:

A full board 2-days residential educational event

Full immersion scientific activity

Clinically-oriented

Multidisciplinary Approach

An international faculty of top experts will contribute to the programme

### Attendance to the Advanced Course is by Application only

The Advanced Course is limited to 50 participants

Attendance is limited to 50 participants and admittance is by competitive application only. The successful applicants are granted free registration but a contribution to the costs of full-board accommodation at the course venue (Euro 600 - including VAT) and travel are to be covered by the participants.

### Application Procedure must include:

- Online registration for the congress on [www.conferencecenter.it](http://www.conferencecenter.it)
- Application form available at [www.conferencecenter.it](http://www.conferencecenter.it)
- Payment: Euro 600,00 (including VAT). The payment must be done when registering online with VISA or Mastercard.

**Deadline once reaches the limit number of participants or 30 October 2011**

### Accreditation

Application for CME recognition will be submitted to the Accreditation Council for Oncology in Europe and Italian ECM.

European Society  
of Surgical Oncology (ESSO)

ESSO Advanced Course

# «Management of Peritoneal Surface Malignancy»

27-29 NOVEMBER 2011

BERGAMO - ITALY

**Chairman:**

**Marcello Deraco** (Milan, Italy)

**Co-Chairmen:**

**Santiago Gonzalez-Moreno** (Madrid, Spain)

**Haile Mahteme** (Uppsala, Sweden)

**Invited Expert:**

**Paul Sugarbaker** (Washington DC, USA)

**Faculty**

**Riccardo Audisio** (ESSO ETC Chairman)

**Luca Balestrieri** (Aviano, Italy)

**Dario Baratti** (Milan, Italy)

**Giordano Beretta** (Bergamo, Italy)

**Rossella Bertulli** (Milan, Italy)

**Antonello Cabras** (Milan, Italy)

**Vito Chiantera** (Berlin Germany)

**Anna Fagotti** (Roma, Italy)

**Luca Fumagalli** (Milan, Italy)

**Alfredo Garofalo** (Roma, Italy)

**Cecilia Gavazzi** (Milan, Italy)

**Olivier Glehen** (Lyon, France)

**Shigeki Kusamura** (Milan, Italy)

**Roberto Labianca** (Bergamo, Italy)

**Martin Langer** (Milan, Italy)

**Karl H Link** (Wiesbaden Germany)

**Massimo Milione** (Milan, Italy)

**Brendan Moran** (Basingstoke, UK)

**Sarah O'Dwyer** (Manchester, UK)

**Pompiliu Piso** (Regensburg, Germany)

**Beate Rau** (Berlin, Germany)

**Giovanni Scambia** (Roma, Italy)

**Kurt Van der Speeten** (Genk, Belgium)

**Vick Verwaal** (Amsterdam, Netherlands)

**Nadia Zaffaroni** (Milan, Italy)

<b>Sunday, November 27</b>	
16:00-19:00	Arrivals and airport transfers and Registration
19:00	Welcome reception and meet the Faculty
<b>Monday, November 28</b>	
8:15	<b>Welcome Lectures</b> ESSO ETC Chairman (R. Audisio)
8:30	<b>Presentation of the Advanced Course:</b> Course Scientific Chairman (M. Deraco)
8:45	<b>Opening Lecture</b> Introduction to PSM (P.H. Sugarbaker)
9:00	<b>First Session:</b> <b>Basic Science Knowledge</b> Chairs: R. Audisio, H. Mahteme • Biology of the PSM (N. Zaffaroni) • Physiopathology of the PSM (S. Kusamura)
9:45	Discussion
10:00	Coffee break
10:30	<b>Second Session:</b> <b>Preoperative Evaluation and patient selection</b> Chairs: K. Link, S. O'Dwyer • Pathology Overview of PSM (A. Cabras, M. Milione) • Imaging (L. Balestrieri) • Tumor Markers (D. Baratti) • Laparoscopy (A. Garofalo) • Integration of preoperative information: Multidisciplinary evaluation and indications (M. Deraco) • Peritoneal Dissemination: a unexpected finding (K. Link)
12:30	Discussion
13:00	Lunch

14:00	<b>Third Session:</b> <b>CRS and HIPEC by Video</b> Chairs: B. Moran, P. Piso <b>Part A: Background</b> • Rationale, pharmacological aspects and safety of HIPEC and EPIC (K. Van Der Speeten) • Rationale of CRS (S. O'Dwyer) <b>Part B: Technique</b> • Anatomy and Peritonectomy Procedures Upper Right (P. Piso) Central Upper (P.H. Sugarbaker) Upper Left (O. Glehen) Lower (B. Moran) Lower Gynecological aspects (V. Chiantera) • New Technology of CRS (TBD) • HIPEC Technique and Technology Open vs Closed vs Others (O. Glehen) New Technology of HIPEC (TBD)
16:30	Discussion
17:00	Tea break
17:30	<b>Fourth Session:</b> <b>Disciplines Involved</b> Chairs: M. Langer, V. Verwall • Anesthesiology and ICU care for CRS and HIPEC (L. Fumagalli) • Clinical nutrition and quality of life (C. Gavazzi) • Postoperative care (B. Rau)
18:30	Closing of the first day sessions
20:30	Dinner

<b>Tuesday, November 29</b>	
8:30	<b>Fifth Session:</b> <b>PSM and Evidence of Results</b> Chairs: G. Beretta, P.H. Sugarbaker <b>Peritoneal Carcinomatosis:</b> • Gastrointestinal Cancer Medical Treatment (R. Labianca) CRS HIPEC for Colorectal Cancer (V. Verwaal) CRS HIPEC for Gastric Cancer (O. Glehen) • Ovarian Cancer State of the Art (G. Scambia) CRS and HIPEC (A. Fagotti) <b>Rare Peritoneal Neoplasm:</b> • Peritoneal Mesothelioma Overview and Standard Treatment (M. Deraco) Medical Treatment (R. Bertulli) • Appendiceal Neoplasms and Pseudomyxoma Peritonei (S. Moreno Gonzales) • Other rare indications (H. Mahteme) <b>Medical Treatment of Malignant Ascites (TBD)</b>
10:30	Discussion
11:00	Coffee break
11:30	<b>Sixth Session:</b> <b>Clinical Practise</b> Chairs: D. Baratti, S. Moreno Gonzales • Learning curve and New Centers (S. Kusamura) • Discussion of clinical cases, Decision Making and Patient selection (TBD)
13:00	<b>Closing Course Remarks and Presenting Test Results</b> (M. Deraco, P.H. Sugarbaker)
13:30	Lunch, Airport transfers and departures
