Advancing Science in Peritoneal Malignancies

22nd & 23rd May 2020

Champalimaud Foundation
Lisbon, Portugal
22 - 23 May 2020
Lisbon, Portugal

Organising Committee
Andreas Brandl - Digestive Unit, Champalimaud Foundation, Lisbon, PT
Carlos Carvalho - Digestive Unit, Champalimaud Foundation, Lisbon, PT
João Casanova - Gynaecology Unit, Champalimaud Foundation, Lisbon, PT
José Filipe Cunha - Digestive Unit, Champalimaud Foundation, Lisbon, PT
Nuno Figueiredo - Digestive Unit, Champalimaud Foundation, Lisbon, PT
Pedro Vieira - Digestive Unit, Champalimaud Foundation, Lisbon, PT

Speakers & Chairs:
Joaquim Abreu de Sousa - Surgical Oncology Service, IPO Porto, PT
Alvaro Arjona-Sánchez - Hospital Universitario Reina Sofía, Córdoba, ES
Marta Carriço - Champalimaud Foundation, Lisbon, PT
Thomas Cecil - Basingstoke and North Hampshire Hospital, Basingstoke, GB
Wim Ceelen - Universiteit Gent, BL
Delia Cortés-Guiral - Fundación Jiménez Díaz Hospital, Madrid, ES
Rita Fior - Champalimaud Foundation, Lisbon, PT
Santiago González-Moreno - MD Anderson Cancer Center, Madrid, ES
Ignace de Hingh - Catharina Kanker Instituut, Eindhoven, NL
Olivier Glehen - Centre Hospitalier Lyon-Sud, Lyon, FR
Magnus Kaffarnik - Charité – Universitätsmedizin Berlin, DE (TBC)
Brendan Moran - Basingstoke and North Hampshire Hospital, Basingstoke, GB
Marc Reymond - Universität Tübingen, DE
Beate Rau - Charité – Universitätsmedizin Berlin, DE
Paul Sugarbaker - Washington Cancer Institute, Washington, USA
Nancy Vanderpuye - Basingstoke and North Hampshire Hospital, Basingstoke, GB
Kurt Van der Speeten - Ziekenhuis Oost-Limburg, Genk, BE
John Spiliotis - Athens Medical Centre & European Interbalkan Medical Centre, Athens, Greece
Yutaka Yonemura - Kishiwada Tokushukai Hospital, Japan, JP
09:00 Welcome
  Leonor Beleza, President of the Champalimaud Foundation, Lisbon, PT

09:10 Introduction
  Brendan Moran, Basingstoke, GB

Session 1 - Treatment Principles of Peritoneal Malignancies
Chairs: Andreas Brandl, PT & Brendan Moran, GB

09:30 Techniques of cytoreductive surgery with peritoneectomy procedures
  (Paul Sugarbaker, Washington, USA)

10:00 Pharmacology of different techniques of intraperitoneal drug administration
  (Kurt Van der Speeten, Genk, BE)

10:20 Standardisation of classification and scores (PCI, CC, Scores, etc.)
  (Pedro Vieira, Lisbon, PT)

10:30 Complication Management
  (Thomas Cecil, Basingstoke, GB)

Session 2 - Hot Topic: Colorectal Cancer
Chairs: Paul Sugarbaker, USA & Thomas Cecil, GB

10:45 Tumour biology and other selection criteria for CRS & HIPEC
  (Santiago González-Moreno, Madrid, ES)

11:05 CRS with or without HIPEC?
  (Olivier Glehen, Lyon, FR)

11:25 Multimodal treatment paths – the right place for chemotherapy
  (Ignace de Hingh, Eindhoven, NL)

Session 3 - Hot Topic: Gastric Cancer
Chairs: Yutaka Yonemura, JP & Olivier Glehen, FR

11:45 The role of CRS & HIPEC in gastric cancer
  (Beate Rau, Berlin, DE)
Session 3 - Hot Topic: Gastric Cancer (Cont.)

Chairs: Yutaka Yonemura, JP & Olivier Glehen, FR

12:05 HIPEC to prevent peritoneal metastases – is it effective?
(Olivier Glehen, Lyon, FR)

12:25 Efficacy of intraperitoneal chemotherapy application
(Yutaka Yonemura, Japan, JP)

12:45 Is there cure for patients with peritoneal metastasis?
(Andreas Brandl, Lisbon, PT)

13:00–14:00 Lunch Break

Session 4 - Case Presentation

Panel: Beate Rau, DE & Kurt Van der Speeten, BE &
Thomas Cecil, GB & José Filipe Cunha, PT & John
Spiliotis, GR

14:00 6 cases to be selected (20 minutes each)

16:00–16:30 Coffee Break

Session 5 - Hot Topic: Ovarian Cancer

Chairs: John Spiliotis, GR & Joaquim Abreu de Sousa, PT

16:30 CRS & HIPEC as first line treatment for Ovarian cancer
(John Spiliotis, Athens, Greece)

16:45 Indications for HIPEC in the treatment of recurrent disease
(João Casanova, Lisbon, PT)

Session 6 - New Trends in the Treatment of Peritoneal Malignancies

Chairs: Kurt Van der Speeten, BE & Delia Cortés-Guiral, ES

17:20 Pressurised Aerosol Chemotherapy (PIPAC) – neoadjuvant, adjuvant or palliative?
(Marc Reymond, Tübingen, DE)

17:40 Minimal Invasive peritonectomy procedures – the future or non-sense?
(Alvaro Arjona-Sánchez, Córdoba, ES)
Session 7 - Perioperative Management of Patients with Peritoneal Malignancies

Chairs: Santiago González-Moreno, ES & Nuno Figueiredo, PT

09:00 Prehabilitation – the key to reduce postoperative complications?
(Delia Cortés-Guiral, Madrid, ES)

09:15 Intraoperative and postoperative challenges – an anesthesiologist’s point of view
(Magnus Kaffarnik, Berlin, DE) (TBC)

09:30 Psychoncologic risk evaluation and early detection of postoperative psychologic disorders
(Nancy Vanderpuye, Basingstoke, GB)

09:45 Postoperative nutrition challenges
(Marta Carriço, Lisbon, PT)

10:00–10:30 Coffee Break

Session 8 - Basic Science & Translational Research in PM

Chairs: Alvaro Arjona-Sanchez, ES & Ignace de Hingh, NL

10:30 PDX mouse models – current projects
(Wim Ceelen, Gent, BL)

10:45 Chemosensitivity – the right direction to optimise patient’s treatment
(Kurt Van der Speeten, Genk, BE)

11:05 Zebrafish avatar – a fast and potentially useful tool for peritoneal malignancies
(Rita Fior, Lisbon, PT)

Session 9 - Case Presentation

Panel: Yutaka Yonemura, JP & Olivier Glehen, FR & Brendan Moran, GB & Paul Sugarbaker, USA & Marc Reymond, DE

11:20 6 cases to be selected (20 minutes each)
Scientific Programme
23 May 2020

13:30–14:30 Lunch Break

Session 10 - National and International Registries – the Present and Future Collaborations
Chairs: Carlos Carvalho, PT & Marc Reymond, DE

14:30 The German Experience (National Quality Registration StuDoQ)
(Beate Rau, Berlin, DE)

14:45 The French Experience (Big RENAPE)
(Olivier Glehen, Lyon, FR)

15:00 The British Experience (National MDT and CRC Registry)
(Brendan Moran, Basingstoke, GB)

15:15 The Dutch Experience (National Cancer Registry)
(Ignace de Hingh, Eindhoven, NL)

15:30 Closing Remarks
Andreas Brandl, Lisbon, PT
